

FRIDAY, December 1, 2017

TOPIC: Pharma's Commitment to Global Health

SPEAKERS:

Darren Back, Senior Director, Social Investments & Global Health Programs, Pfizer, Inc. and Pfizer Foundation

Ambassador Sally G. Cowal, Senior Vice President, Global Cancer Control, American Cancer Society

Michael Nally, President, Global Vaccines, MSD

Andrin Oswald, MD, Director of Life Sciences Partnerships, The Bill and Melinda Gates Foundation

BT Slingsby, MD, PhD, MPH, CEO & Executive Director, Global Health Innovative Technology (GHIT) Fund

FACILITATOR: Jeffrey L. Sturchio, PhD, President & CEO, Rabin Martin

This symposium will explore a new global health ecosystem model, where innovation, strategic funding and alliances accelerate development of new medicines and global access. The panelists will discuss effective mechanisms for providing value to underserved communities while creating growth and meeting business goals.
